Bucharest, Romania

We will like to announce you that the Romanian Chemical Society offers:

**Grants to the young chemists for participation at Romanian International
Conference on Chemistry and Chemical Engineering RICCCE 18, Sinaia 2013**

Active participation of young chemist to the scientific conferences has a major importance for their future career. Taking into consideration those aspects the board of Romanian Chemical Society decided to offer 10 grants to the young chemists for participation at Romanian International Conference on Chemistry and Chemical Engineering RICCCE 18, Sinaia 2013. The grant consists in the participation fee for the winners.

Eligible for those grants are young chemists (under 35 years old) members of the Romanian Chemical Society. The application file must be submitted at secretariatschr@yahoo.com. The application file consists in:

- The abstract of the paper submitted and accepted in the conference (as oral presentation)
- A recommendation from a professor and a short CV (1 page)
- Letter of application (addressed to SChR)

Deadline for submitting an application is 25th of February 2013

Applications will be analyzed by an SChR board and the winners will be announced before 1st of March 2013.

Prof. Sorin ROSCA

President of Romanian Chemical Society
